About the Charity

World
Central
Kitchen

Founded in 2010 by Chef José Andrés, World Central Kitchen (WCK) is a nonprofit organization that is first to the frontlines providing fresh meals in response to crises. Applying our model of quick action, leveraging local resources, and adapting in real time, WCK has served hundreds of millions of nourishing meals around the world.

When disaster strikes, WCK's Relief Team mobilizes with the urgency of now to start cooking and serving meals to people in need. By partnering with organizations on the ground and activating a network of local restaurants, food trucks, or emergency kitchens, WCK serves comforting meals to survivors of disasters quickly and effectively.

To support regional economies, WCK prioritizes purchasing local ingredients to cook with or distribute directly to families in need.

We know that good food provides not only nourishment, but also comfort and hope, especially in times of crisis. Learn more at wck.org
